

CCT LED FLEX NEON STRIP LIGHT

Features:

- Product length: 32ft
- Max run: 32ft (add power every 32ft)
- 24V DC (longer runs)
- CCT Tunable: 6000K, 4000K, 3000K
- 3 oz of copper in each chip for heat dissipation (longer lifespan)
- Durable housing for outdoor use (IP67)
- Marked cut locations every 2" (to be sealed with silicone glue)
- Anti-UV protection

Technical Specifications:

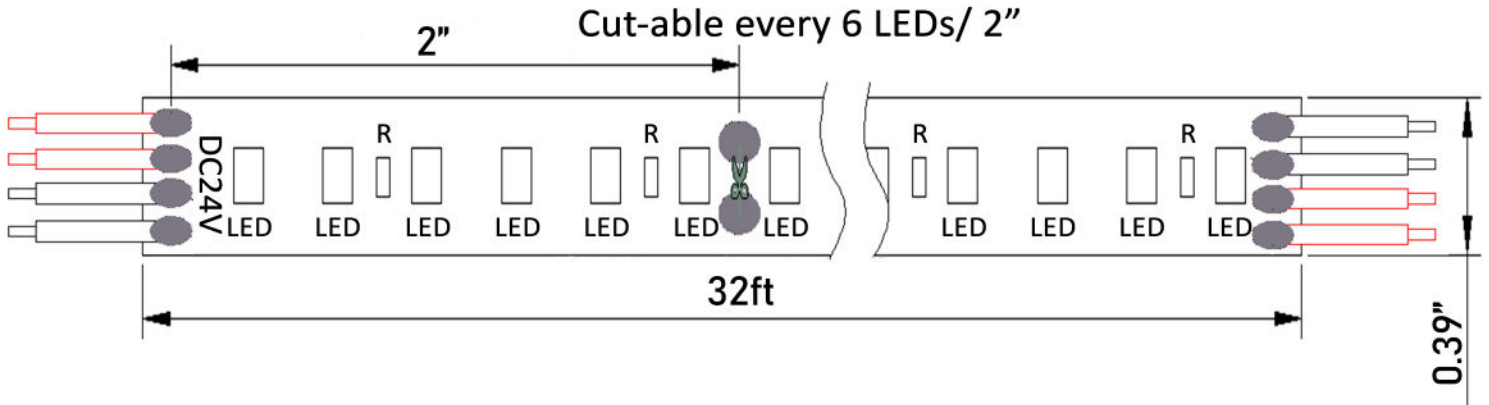

Input Voltage	24V DC
Maximum Length	32ft
Ambient Temperature Range	-13 ~ +122 °F
The Temperature of Module Top	149 °F
Storage Temperature Range	-40 ~ +158 °F
Beam Angle	120°
IP Rating	IP67

Applications:

- Outdoor Signs
- Entertainment Areas
- Outdoor Accent Lighting
- Automobile/Boat Lighting
- Pateo Lighting
- Landscape Lighting

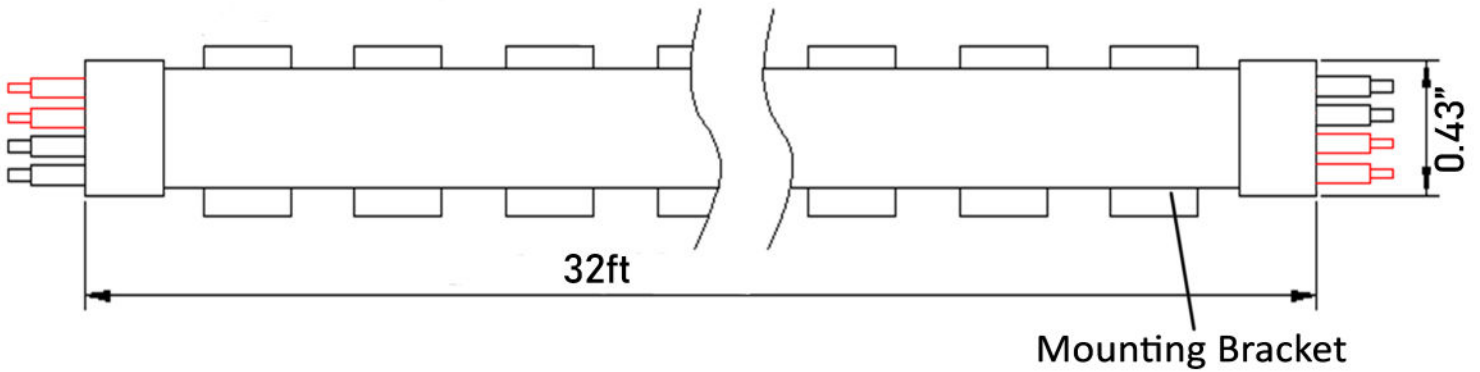

Dimension:

Unit: Inch

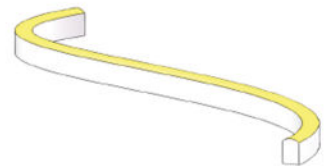

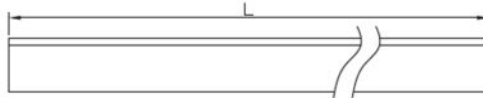

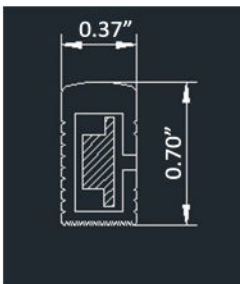

Installation:

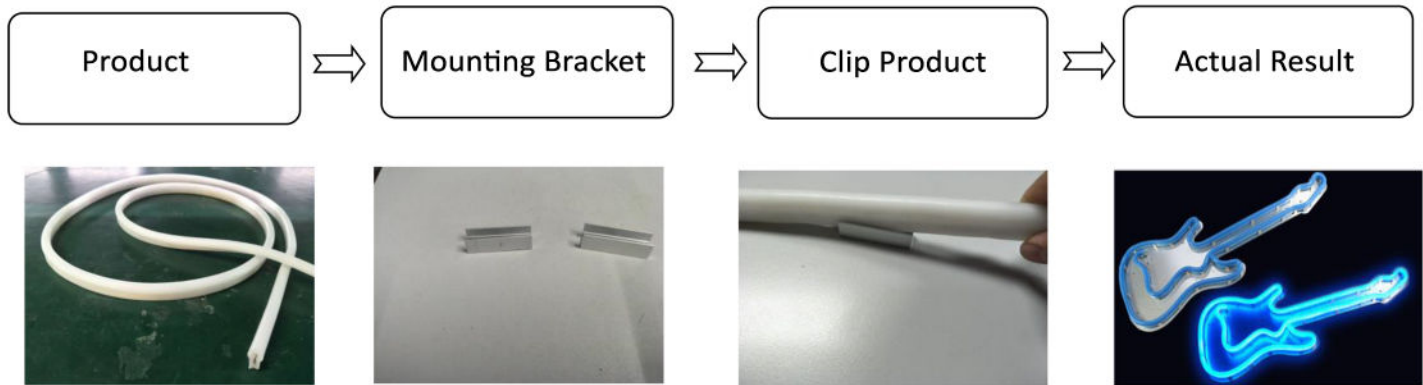

- * Mounting Bracket
- * Product installation schematic diagram
